

DIGITAL PRINTING SYSTEM

The next evolution in digital label printing is now here. The iTech CENTRA HS Digital Label Printer by Allen Datagraph Systems Inc. (ADSI) is a complete, affordable digital label production solution that meets the needs of all converters who need to "go digital" for production requirements up to 3,000 feet.

The roll-to-roll iTech CENTRA HS Digital Label Printer features an LED toner print engine that is capable of printing up to 30 feet per minute for consumer quality labels. With a wide variety of available substrates, including: paper, polyester and vinyl as well as standard pressure sensitive substrates. The iTech CENTRA HS Digital Label Printer can be standardized to print on substrate widths from 8.5 inches to 12 inches on rolls with a maximum outside diameter of 14 inches. Most important, the iTech CENTRA HS Digital Label Printer cost per label is amongst the lowest in the industry.

The LED toner printer is a testament to quality and reliability. The results are beautiful and professional labels with a wide color gamut, fantastic definition and deep, rich blacks.

To complete the iTech CENTRA HS Digital Label Printer, a Wasatch Software RIP adds dynamic flexibility to digital label production including cost estimating, variable data capability (optional), custom color profiling and spot color replacement.

The iTech CENTRA HS Digital Label Printer when combined with the iTech CENTRA HS Digital Label Finisher provides label converters with a complete solution that enables them to compete in today's fast paced, quick turn around label manufacturing industry. Most important, the system provides profitability.

Printer

Print Technology	LED Toner
Speed	Up to 30 feet/min 9.1 meters/min
Resolution	1200 x 600 dpi
Interfaces	Ethernet 100 Base-T or USB 2.0
Media Width	8.5 inches to 12.5 inches 215 mm to 305 mm
Power Requirement	120 VAC - 750 watts 230 VAC - 750 watts

Print Station

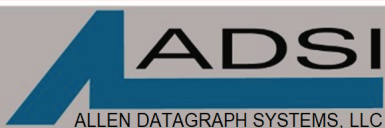

Dimensions	63" X 26" X 45" 160 cm x 66 cm x 115 cm
Weight	600 lbs 270kg
Maximum Roll Diameter	14 inches 355 mm
Power Requirement	100 - 230 volts AC 720 watts
Warranty	Limited liability 1 year

Software

Wasatch SoftRIP	Stochastic Screening
All software is compatible with Windows 7, Vista 32, Vista 64 and Windows XP operating systems.
