

Extended Warranty Plan

We pride ourselves on the quality and reliability of our American made products. That's why the majority of our cutter/template machines come standard with our industry-leading 2-year Factory Limited Warranty.

For additional peace of mind, we are pleased to offer an Extended Warranty Plan, which can cover your investment beyond the original Factory Limited Warranty, for up to 5 years of total coverage. As detailed below, the Extended Warranty Plan is simply an extension of your product's original warranty, covering all the same components and labor at no additional charge¹.

Terms & Conditions:

- **Eligibility:** An Extended Warranty Plan must be purchased within 60 days of the equipment's original purchase date.
- **Coverage:** The terms of this agreement begin immediately upon the expiration of the original Factory Limited Warranty.
- **Customer Responsibilities:** By signing up for our Extended Warranty Plan you agree to perform and document, at your expense, all preventative and routine maintenance in accordance with procedures set forth in the owner's manual or as directed by ADSI's technical support staff. ADSI can supply you with the parts and instructions or we can perform required preventative maintenance on your machine for an additional fee.
- **Software and Firmware Upgrades:** ADSI will provide, free of charge, license to any applicable firmware or software upgrades on firmware or software manufactured by ADSI during the terms of this agreement.
- **Repair or Replacement:** ADSI will either repair or replace, at ADSI's discretion, the parts that may be deemed defective. Please see page three for a partial list of covered components.
- **Items not Covered:** Similar to your Factory Limited Warranty, our Extended Warranty Plan does not cover certain items. Examples of situations and items not covered: Failure to maintain proper electrical power or surge suppression, operation of the product in a manner inconsistent with the procedures specified in the owner's manual, periodic overhaul of the product or components which may be required due to normal wear and tear, replacement of expendable/consumable items.
- **Discounts:** When selecting our 2 or 3-year Extended Warranty Plans, you will receive a 5% discount for each additional year.

Disclaimer and Miscellaneous: Allen Datagraph Systems, LLC. (ADSI) disclaims all other warranties, express, implied or otherwise, with respect to the product and parts and services contemplated hereunder including without limitation any warranty of merchantability or fitness for a particular purpose. No ADSI distributor, agent, or employee is authorized to make any modification, extension, or addition to this warranty. ADSI is not responsible for special incidental/consequential damages resulting from any breach of warranty or under any legal theory, including lost profits, downtime, goodwill, waste or excess use of consumable materials, acts of God, damage to or replacement of equipment or property, and cost of recovering, reprogramming or reproducing any program or data stored in or used with ADSI products. This plan is governed under the laws of New Hampshire and the New Hampshire Courts will have exclusive jurisdiction relating to disputes between the parties of this agreement. Except for the obligation to make payments hereunder, neither party will be liable hereunder by reason of any failure or delay in the performance of its obligations on account of any cause, which reasonably is beyond its control. Replacements are on an exchange basis with new or like new products or components at ADSI's sole discretion.

¹As with our Factory Limited Warranty, shipping costs to and from ADSI for warranty repairs are the responsibility of the customer. ADSI will do everything possible to assist with the repair and correction of issues remotely before requiring a machine be sent to our factory.

Extended Warranty Plan Agreement

We are happy to offer you extended warranties on our products, for up to three years.
