

RED TEMPLATE MATERIAL

ADSI is offering 30-inch wide, high visibility, RED template material for your granite countertop applications. This material is perfect for that job that requires a little more visibility, without obscuring the product you are cutting.

This high visibility material is of the same quality as our popular AT-30 material, is .010" in thickness, with a textured underside and smooth top. This red material has been made to the same stringent quality specifications that you have come to expect from ADSI AT-30 material.

We are offering this material in 150' rolls at \$166.00/roll with quantity breaks at 10 for \$140.00/roll and 20 at \$129.00/roll.

Samples are available in 50' rolls at \$75.00 and 30' rolls at \$52.50.
