**PERFECT FOR USE WITH ADSI  
Template Makers and "AT MEDIA"**

## Ver 11.0

AllenCad Pro Version 11.0 is a full featured 2d Computer Aided Design program offering the ultimate productivity tool for the Construction and Monument industries.

The addition of Allen DirectCut Tiling makes producing templates as easy as clicking a button. The user friendly one step operation saves time and material. No other commercially available CAD program has this unique capability.

**Demo version available at  
[www.allendatagraph.com](http://www.allendatagraph.com)**

- » Allows you to easily design on existing images.
- » Easy to import for quick template cutting on the fly
- » Autotiling provides locking tabs for easy assembly of large or custom template designs.
